Language

- Recognizing and practicing the letters Ss and Bb
- Rhyming words
- Words makes sentences
- Writing our name

Social Studies:

- Community Helpers

Science:

- Five Senses: Touch, smell, taste, sight, and hear

Check out the daily BLOG on our web page for a recap of our day in Kindergarten. Have conversations at home about the events happening in the classroom.

Our fourth Wednesday of Science City! Students and teachers enjoy Science City, as it's a time to meet all the teachers and students in kindergarten and first grade. I've also enjoyed working with Mrs. Hawthorne teaching bones and muscles. We've had more fun getting to know each other while teaching.

Great news!! Most of the students brought back their library books and they were able to check out a new one. This made Mrs. Regan very pleased, and me too!

Math games are exciting for students and today we were introduced to math Bingo. We used a deck of cards and removed all the cards except 1-6. Students filled in their own bingo boards and included their name as a free space. When a number was picked they used a bean to cover that number. We talked about the different ways to win at Bingo and how to yell BINGO when you have a winning card. Many math skills will be enriched with games.

Have a great night! Good Night!

Don't be shy; respond to the BLOG! I wish I could describe the reaction when I read them to the kids. Tell us how proud you are or what questions you may have.

Kindergarten Bulletin Board

10/26 School Pictures
